

Understanding Shipping

- Technicare uses Canada Post, Purolator and UPS as couriers for shipping within Canada. Canada Post will be the default courier when the address contains a P.O. Box Number or is considered a "Beyond Point" by UPS or Purolator. Beyond Points are areas that are deemed to be out of the courier's normal service area.
- We encourage you to use our Order Tracking System to monitor your orders (www.ordertracking.technicare.com).
- All the ground and express shipments are fully traceable and include our **Delivery Guarantee**; if there is a problem with the shipment (damaged or lost) we will redo the order at no cost.
- **PLEASE NOTE:** Products larger than 24x36 inches and smaller than 30x40 inches are subject to an additional \$25.00 shipping and handling fee per piece. Products 30x40 inches and larger are subject to a \$50.00 shipping and handling fee per piece. This is due to courier price increases effective October 1st, 2020. We will try to combine orders when it is possible.
